

Satyam Maurya

Frontend Developer

PROFESSIONAL SUMMARY

I am an adaptable intern specializing in front-end development. I have a strong understanding of HTML, CSS, and JavaScript. I'm skilled in manipulating website elements, using Git for version control, and solving problems effectively. I'm dedicated to improving my technical abilities and delivering top-notch, user-friendly solutions while working well in teams.

PROJECTS

1. Download social media content using Libraries | 🇮🇳

Python

- Created a program to *download social media content* using Python libraries
- Utilized instaloader and pytube libraries for *Instagram and YouTube content download*, respectively
- Successfully completed the individual project within a 5-day period

2. Using API to fetch the weather of the city | 🇮🇳

Python

- Created an individual project in just 5 days using Python's request library
- Utilized the *request library* to retrieve real-time weather data for a specific city
- Implemented a simple application to *fetch and display weather information* by making API requests

ACHIEVEMENTS

- **Certification of Excellence**,
Prepleaf by Masai
